Our Story

We got tired of the dilemma every beer enthusiast faces—pay too much money for the good stuff or save some cash and sacrifice a *lot* of the quality. We knew there was a better way, so we were inspired to go out there and make it happen. From the eternally sunny Del Mar, California, we started concocting a recipe that was both cost-efficient and bursting with flavor. Fast forward a few years later, and we've gone from our buddy's garage to hundreds of thousands of beers sipped, shotgunned, chugged, and enjoyed.

And you wanna know the best part?
We're just getting started.

An orange slice is the perfect garnish for
our new Pineapple Pilsner!

Our secret ingredient is...really, really good hops.

Nothing better than a man's best friend and our
Classic Lager on a summer day.

What's Next?

We built our brand off of our Classic Lager and keeping ourselves as focused as possible—after all, why be a jack of all trades when you could be a master of one?

However, we got bored.

Thus, our Pineapple Pilsner was born. Our signature hops pair perfectly with notes of pineapple and citrus that embody sunsets, kicking back, and taking it easy. It was the perfect next step, an evolution of our flagship beer that only upped the ante on our flavor, not our price.

But we're not done there. Here's a couple more tricks up our sleeve:

- We're opening a brewery in Del Mar! There's no better place in San Diego to grab a beer starting early 2022.
- Like everyone else these days, we're working on an IPA. Stay tuned for the best pale ale this side of the Mississippi...
